Never-Before-Seen Images of the Young Warhol

Posted on May 2, 2012 by BlackBook

At the new gallery [Site/109](#) on Norfolk Street recently, the photographer William John Kennedy and his lovely wife Marie, now advanced in age, walked me through an extraordinary collection of Mr. Kennedy's prints on view for the exhibit *Before They Were Famous: Behind The Lens of William John Kennedy* running through May 29. They were telling me the story of how they met and came to photograph Andy Warhol and Robert Indiana as emerging American artists. I started to wish they were my grandparents pretty
